Rick,

Sorry for the slow response on this, as we've had some shifts in our meeting planning and I didn't want to commit you to something that remained in flux.

I wanted to update you on our meeting. It sounds like we'll have a pretty small group here for this meeting. We'd love to talk with you, but at the same time not sure we have enough of a group to really justify taking up your time, particularly given the fact that we've had coalition meeting with EPA several times over the last few weeks.

Thanks again for the offer to talk with us. Thanks for all the work you are doing. Some of us will be at Keystone this afternoon and throughout the day, so we'll be sure to touch base there.

Best
ss
